AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

GROUP 350
10/15/97

Dear Sir:

In response to the Office Action mailed January 22, 1997,
please amend the above-identified application as follows:

In the Specification:

On pages 3 and 4, please delete the entire first paragraph
of the "Summary of the Invention" and replace it with the
following paragraph:

--The present invention provides a power-driven sliding
window assembly wherein a window of an automotive vehicle is
moved horizontally between an open and a closed position by a
regulator mechanism comprising a cable drive system having a
motor-driven cable drum, first and second cable guides disposed
adjacent opposite ends of a lower guide rail in substantially
coplanar alignment with the window, and first and second cable
lengths having first ends connected to the window at opposite
lower corners and second ends engaging the drum. The cables
extend from the drum to engage their respective cable guides,
and extend therefrom along paths substantially parallel with
